

# HOME CLEANING

## CONSULTATION

Whatever your needs are, we can work together to set up an in-person consultation if that is your preference, however, we will have a better idea of how long a regular clean in your home will take after we dive in and assess.

## FIRST CLEAN

Our first time cleaning your home will be a magical experience! We will set the standard of our future visits and be sure to take extra special care in areas that are typically neglected day to day. (Don't worry about it, sis!) This visit we will focus on bringing all areas of your kitchen, bathrooms, bedrooms, offices, hallways etc to its intentional glory!

You're going to look at your space as a brand new place! We may take a little longer on this one, but future visits will be much shorter :)

## FIRST CLEAN - WHAT TO EXPECT

When your Home is cleaned for the first time, you can expect anywhere from 2-4 Cleaning Specialists to arrive to your Home ready to make it shine! We do this to ensure we as thorough and efficient as possible. Since our rate is based on a 'per person' basis - the price will remain the same no matter how many Cleaner's you have in your home as all of our Cleaning Specialists have been trained with MIKW STANDARDS training.

A modern living room with a wooden bench, a white side table, and a framed abstract painting. The room is bright and clean, with a white wall and a light-colored floor. A large white pendant light hangs from the ceiling. The bench has a light-colored cushion and a striped pillow. The side table has a stack of books and a potted plant. The framed painting has a yellow and white abstract pattern.

You can expect us to arrive approximately one hour within your booked time. We will be sure to let you know if we will be early or late though! We bring all supplies and equipment - so just sit back, relax and enjoy your clean home! On your first Clean, we will bring you a WELCOME PACKAGE with FAQ for future cleanings!

## STANDARD CLEAN

This service is designed to maintain your quality standard after a "first clean" service! We will offer this service on a regular schedule that is convenient for you.

## DEEP CLEAN

This is the mother of all cleaning services. We'll spend our time focusing on the areas that you rarely get to, whether it is baseboards, blinds, behind the fridge and stove or under your bed. You name it, and we'll focus on it!
